AUTHORIZE THE ACCEPTANCE OF $150,000 OF WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) GOVERNOR’S DISCRETIONARY FUNDING FROM THE STATE OF CALIFORNIA EMPLOYMENT DEVELOPMENT DEPARTMENT (EDD) FOR THE WORKFORCE ACCELERATOR FUND (WAF) 8.0 PROJECT RETROACTIVE TO THE PERIOD OF APRIL 1, 2020 THROUGH SEPTEMBER 30, 2021
DATE: May 27, 2020

TO: San Joaquin County Workforce Development Board

FROM: John M. Solis, Executive Director

SUBJECT: AUTHORIZE THE ACCEPTANCE OF $150,000 OF WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) GOVERNOR’S DISCRETIONARY FUNDING FROM THE STATE OF CALIFORNIA EMPLOYMENT DEVELOPMENT DEPARTMENT (EDD) FOR THE WORKFORCE ACCELERATOR FUND (WAF) 8.0 PROJECT RETROACTIVE TO THE PERIOD OF APRIL 1, 2020 THROUGH SEPTEMBER 30, 2021

IT IS RECOMMENDED:

1. That the WDB authorizes the Employment and Economic Development Department to accept WIOA Governor’s Discretionary funding in the amount of $150,000 for the period April 1, 2020 through September 30, 2021;

2. Use WAF funds to implement the Homeless Organizations Providing Employment (HOPE) Grant in San Joaquin County; and

3. Forward a recommendation to the San Joaquin County Board of Supervisors for final approval and execution.

REASON FOR RECOMMENDATION:

Background

On November 12, 2019, the California Workforce Development Board (CWDB) and the EDD announced the availability of up to $3 million in WIOA funds to design, develop, and implement projects that accelerate employment and re-employment strategies for California job seekers and through the Workforce Accelerator Fund (WAF) 8.0 targets individuals experiencing homelessness or housing insecurity. While employment alone cannot solve the housing shortage facing California, it is a crucial part of the strategy to improve outcomes for individuals who lack stable living conditions.

The goal of the WAF 8.0 initiative is to expand partnerships between the organizations serving the target population, and generate cross-system collaboration to address the barriers to employment impacting California’s homeless population.
The HOPE project aims to "move the needle" on employment by removing barriers often experienced by the homeless population through a tightly integrated network of partner organizations that are continuously working together to create solutions and strengthen the safety net for homeless in San Joaquin County (SJC).

The HOPE project will make use of two EEDD staff who will function as Project Navigators. One Navigator will focus on facilitating the service delivery to participants, monitoring the program activity between EEDD and partner agencies. The other Navigator will focus on the development of partnerships and will assist in the coordination of homeless serving organizations to build a streamlined referral process, increase co-enrollments, and utilize a common intake and data management system. Any partner organizations can initiate referrals and enable the alignment of funding for the targeted population and facilitate the co-enrollment into other programs operated by partner agencies that can deliver additional services needed to address barriers to employment identified in the client's Individualized Service Strategy (ISS).

Partnerships Agreement Letters were received by the following organizations:
- California Human Development
- City of Stockton
- Community Medical Centers
- Housing Authority County of San Joaquin
- Ready to Work
- SJC Human Services Agency
- SJC Workforce Development Board
- San Joaquin Delta College
- Stockton Impact Corps
- Stockton School for Adults, and
- Uplift All Foundation

The combined in-kind contribution from all the partners totaled $584,151 far exceeding the 1:1 match funding requirement. EEDD will leverage the resources available from grants under their operations to deliver employment training services, including supportive services, to eliminate barriers to employment.

On March 9, 2020, the State Board notified the EEDD that San Joaquin County's proposal was accepted in the amount of $150,000 (the maximum allowed). Staff attended the onboarding webinar on April 8, 2020 hosted by the State EDD. Official notification was received on May 12, 2020. The funding has been made available by the State via Modification 5 to Subgrant AA011036, enabling EEDD to initiate the delivery of services under the grant.

**FISCAL IMPACT:**

Once approved by the Board of Supervisors, $150,000 will be available to initiate the program activities funded under the Workforce Accelerator Fund 8.0 HOPE Project.

AUTHORIZE THE ACCEPTANCE OF $252,000 OF WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) 25% ADDITIONAL ASSISTANCE FROM THE STATE OF CALIFORNIA EMPLOYMENT DEVELOPMENT DEPARTMENT (EDD) FOR SUPPORTIVE SERVICES TO THE UNDERSERVED COVID-19 IMPACTED INDIVIDUALS GRANT RETROACTIVE TO THE PERIOD OF MARCH 1, 2020 THROUGH SEPTEMBER 30, 2020

SUBJECT: AUTHORIZE THE ACCEPTANCE OF $252,000 OF WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA) 25% ADDITIONAL ASSISTANCE FROM THE STATE OF CALIFORNIA EMPLOYMENT DEVELOPMENT DEPARTMENT (EDD) FOR SUPPORTIVE SERVICES TO THE UNDERSERVED COVID-19 IMPACTED INDIVIDUALS GRANT RETROACTIVE TO THE PERIOD OF MARCH 1, 2020 THROUGH SEPTEMBER 30, 2020

IT IS RECOMMENDED:

1. That the Workforce Development Board (WDB) authorizes the Employment and Economic Development Department (EEDD) to accept WIOA 25% Additional Assistance funding in the amount of $252,000 for the period March 1, 2020 through September 30, 2020;

2. Provide Supportive Services to the Underserved COVID-19 Impacted Individuals in San Joaquin County; and

3. Forward a recommendation to the San Joaquin County Board of Supervisors for final approval and execution.

REASON FOR RECOMMENDATION:

Background

On April 2, 2020, the State of California’s Employment Development Department (EDD) announced the availability of up to $10 million of Workforce Innovation and Opportunity Act (WIOA) 25% Dislocated Worker Funds to provide supportive services to individuals impacted by COVID-19 as an effort to act swiftly to help displaced workers impacted financially by the pandemic crisis.

On April 6, 2020, EDD responded to the State’s request for proposals and provided the pertinent information required including the expected number of participants served and amount of funding requested. Local Workforce Development Boards (Local Board) were requested to prioritize underserved populations, particularly those in need of support services in the English Language Learner (ELL) and ELL Navigator programs. The State provided specific eligibility criteria for the grant which includes the following:
• Enrollment into Workforce Innovation and Opportunity Act (WIOA) Dislocated Worker services,
• Wages may not exceed 400% of the federal poverty level (FPL) for the last six months of income,
• Laid off due to COVID-19,
• Unable to work due to experiencing COVID-19 reasons such as quarantine,
• Caregiver to quarantined individuals, higher risk, or living with someone that is high risk of infection, and/or required to telework, but does not have the necessary equipment.

These supportive services may include, but are not limited to, equipment necessary to telework (e.g. computer, internet, etc.), housing assistance, utility assistance, childcare assistance, and transportation assistance.

Supportive services are available in two tiers:

1. Individuals receiving at least 50% of their previous wages either from their employer directly, or with Unemployment Insurance (UI) payments, may receive supportive services totaling $400.

2. Individuals who are not receiving at least 50% of their wages from their employer directly, or with UI payments, may receive supportive services totaling $800.

On April 24, 2020, Governor Gavin Newsom announced that the Employment Development Department (EDD) and the Labor & Workforce Development Agency have awarded $10 million to 42 Local Workforce Development Areas (Local Areas). The Governor's 25% Additional Assistance Grant is intended to provide supportive services to underserved COVID-19 Impacted Individuals and will provide $252,000 to San Joaquin County.

On April 30, 2020 EEDD staff attended the onboarding webinar and will begin the grant activities now that the funding has been made available by the State via Modification 5 to Subgrant AA011036 that arrived on May 13, 2020.

**FISCAL IMPACT:**

Once approved by the Board of Supervisors, $252,000 will be obligated for the provision of the Underserved COVID-19 Impacted Individuals Grant.

ITEM #3

APPROVAL OF IMPLEMENTATION OF THE SAN JOAQUIN COUNTY WORKNET JOB READINESS TRAINING PROGRAM
DATE: May 27, 2020

TO: Workforce Development Board

FROM: John M. Solis, Executive Director

SUBJECT: APPROVAL OF IMPLEMENTATION OF THE SAN JOAQUIN COUNTY WORKNET JOB READINESS TRAINING PROGRAM

IT IS RECOMMENDED:

That the San Joaquin County Workforce Development Board (WDB):

1. Approve the implementation of a San Joaquin County WorkNet Job Readiness Training Program to support the development of critical skill sets that will increase the employability of WorkNet customers.

Background:

Training services are defined under the Workforce Innovation and Opportunity Act (WIOA) section 134(c)(3)(D) and Title 20 CFR Section 680.420. The determining factors are whether the services are provided through a structured learning process and whether this learning process leads to the attainment of critical skills or competencies needed to perform work duties during the course of the workday. In summary, the service should lead to employment and/or greater labor productivity on the job.

The WDB has embarked on a project to develop a Job Readiness Training Program that will become a prerequisite for participation in all WIOA training activities, including Classroom Training and the On-the-Job Training programs. As we continue our Industry Sector Strategies and hold ongoing conversations with the San Joaquin County Business Community, we hear repeatedly from our business partners that soft skills development is a priority; that many of those individuals looking for work, lack those critical and essential skills that make an employee a quality and productive employee;

- Many job candidates lack an orientation to the world of work
- They lack an understanding of employer expectation
- They lack the sense of responsibility and a strong work ethic or work maturity

To that end, under the leadership of the Workforce Development Board (WDB) and a committee of its membership, we have undertaken the development of Job Readiness Training Modules, which will provide participants with the skills essential desired in exemplary employees.

Job Readiness Training

Job Readiness Training includes services that teach skills needed to be successful in the workplace, rather than skills needed to get into the workplace. It will provide
participants with specific occupational competencies needed to perform specific work tasks on the job. For example, job readiness training courses could teach WIOA participants skills in the following subjects:

- How to communicate in an office environment.
- How to function as part of a team, or how to work in a deadline driven workplace.
- In each of these instances, the focus of the training would be on acquiring the skill sets or competencies needed to succeed during the workday while on the job.

Job Readiness Training does not include skills needed to find and apply for a job. (e.g., job search, interview, or resume writing skills). Under WIOA Section 134, services that teach skills necessary to find and apply for a job are classified either as basic career services or individualized career services. For example, job search assistance is defined as a basic career service, while group counseling or prevocational services focused on resume writing and interview skills are classified as individualized career services. These types of services do not qualify as Job Readiness Training because they do not provide the client with competencies needed to perform specific tasks on the job.

Job Readiness Training Committee

On May 11, 2020 and May 13, 2020, under the leadership of the WDB Chair, Diane Vigil, two Ad Hoc Job Readiness Training Committee meetings were held to begin the discussions regarding the needs of employers related to critical work readiness skills. The purpose of the Job Readiness Training Committee meetings was to bring together members of the Workforce Development Board and initiate the conversation about those job readiness skill sets that are so critical in taking a “good employee” and turning him or her into an outstanding and productive one. Critical thinking skills evolve through work experience, observation, and training. Some of these skills come natural to some individuals and evolve over time for others.

The Workforce Development Board initiated a process for the development of a variety of “Job Readiness Skill Sets or Training Modules” that will be taught to all of the WorkNet customers participating in subsidized training. The Job Preparedness Training component will be a prerequisite to customer participation in WIOA training activities.

We will initiate this effort through a pilot project that will take existing Job Preparedness Orientations and include some of the training modules already in existence. It will evolve as additional Job Training Modules are developed.

On Monday, May 11, 2020 the WDB’s Job Readiness Training Committee approved the recommendation to initiate this pilot project and hold subcommittee meetings to continue the conversation, providing input and direction to staff to facilitate the direction of the WDB’s Job Readiness Training Certification Component.

The training modules identified by the Committee will present critical areas that include, but are not limited to the following topics;
• Accepting Feedback in the Workplace
• Communicating with Difficult People or Difficult Situations
• Communication – Verbal and Written
• Conflict Resolution
• Customer Service Essentials
• Effective Time Management
• Employer Expectations
• Following Directions - Respect for Authority
• How to Work Independently
• How to Write a Business Memo
• Job Retention
• Leadership
• Navigation skills
• Organizational Skills
• Personal Hygiene
• Positive Attitude, Empathy, and Flexibility
• Problem Solving
• Productivity
• Professionalism in the Work Place
• Responsibility
• Teamwork – Dynamics of an Effective Team
• Time Management
• Other – To Be Determined

On Wednesday, May 13, 2020 the WDB Ad Hoc Committee continued its conversation and reviewed a draft WorkNet Job Readiness Training Survey of Needs. Among our first steps has been the development of this survey, focusing on desirable soft skills, to ensure we meet the Job Readiness Training needs of our business partners. The attached survey was developed based on feedback from members of the WDB at the two meetings held on May 11, and 13, 2020. The survey will be released to members of the San Joaquin County Business Community. It will also be forwarded to the WDB members for their input.

The WDB’s Job Readiness Training Committee seeks the authorization of the full WBD to proceed with the “Job Preparedness Training” program development. This effort will move San Joaquin County WorkNet in a direction that will be more responsive to the needs of the Employer Community as we engage business representatives in the continued development effort of this critical workforce component.

Fiscal Impact:

There is no fiscal impact in the Implementation of the Job Readiness Training Program.

The Workforce Development Board of San Joaquin County is facilitating the development of a Job Readiness Training Program for individuals enrolled in training like an Individual Training Account or On-the-Job Training activity. We hope to be able to address local business needs for employee job readiness "soft skills". We are in the process of developing training modules and would appreciate your input, so we can develop programs that meet your needs.

We ask that you please take a few minutes to complete this survey and help us improve our training offerings.

1. What were the goals of the participant when entering the program?

To obtain training that would give him the opportunity to enhance and supplement his skills. His prior work history consisted of low wage employment, most of which was temporary or seasonal—he entered the program with the hope that he would find training that would give him the skills necessary to find sustainable full-time employment that pays a self-sufficient wage.

2. Describe how the workforce center helped the participant achieve his/her goals. What programs did the participant use? How has this improved the participant and his/her family's live(s)?

Kevin completed CareerScope and WorkKeys assessments—evaluation of these determined that he would be an excellent candidate for truck driving training. He had prior experience as a delivery driver, but opportunities for secure employment were limited because he did not have a commercial license. I reviewed labor market information with Kevin that indicates that truck driving is a high demand occupation with a significantly higher median wage than what he earned from prior employment. Kevin completed his occupational research and decided to request funding approval for Class A driver training at Performance Trucking Academy.

Funding was approved and Kevin successfully completed his training. He passed his DMV road test on his first attempt and obtained a Class A license. With the assistance of WorkNet’s On-the-Job Training Program, Kevin obtained full-time employment at Alegre Trucking as a Class A driver.

3. Quote from Participant:

"I was stuck with a lot of dead end jobs and needed training so I could find better opportunities. I now have my Class A and am working full-time. With more experience I will be able to expand my opportunities."

Client had been assisting her ex-husband’s ministry for many years. She wants to retrain and return to the workforce.

2. Describe how the workforce center helped the participant achieve his/her goals. What programs did the participant use? How has this improved the participant and his/her family’s live(s)?

We assessed her and then sent her to training at MTI as an office assistant. Once she graduated, we referred her to job fairs where she was able to apply with Stockton Unified. She was able to find a job with them and is still with them a year later.

3. Quote from Participant:

"Training was very useful. I use the skills I learned daily."

1. What were the goals of the participant when entering the program? Just recently moved to California from Illinois. Her goal was to find employment close to the home.

2. Describe how the workforce center helped the participant achieve his/her goals. What programs did the participant use? How has this improved the participant and his/her family’s lives? Glenda needed to find steady, stable work, somewhat close to her home. She was a perfect candidate for the On the Job Training program which allowed her to immediately return to work and get her additional skills. She also had skills and experience to work for any state or government entity. She was given several job leads and was given assistance with applying to State Jobs. Her hard work and perseverance paid off and she was offered a job working for the State. Although the wage is half of what she was accustomed to making, she was happy to find a job that will provide her a self-sufficient wage and benefits for herself and her family.

3. Quote from Participant:
To Whom It May Concern,

I would like to thank Brian Williams for assisting me with finding a State of California position. When I came to Brian for assistance with finding work, he reviewed my resume and stated, “with your education and background, you should apply for positions with the State of California”. I took his suggestions but also needed his assistance with understanding how to apply for positions on the State’s website. Brian was persistent with sending me State open positions and overtime our hard work paid off, I was recently offered a position with the State pending background check and fingerprinting. I have no doubt I will pass the background and fingerprinting. With that said, had I not gotten Brian Williams assistance I would not have known about the job opportunities with the State of California.
Thank you, Mr. Williams, for your persistence and hard work.

Sincerely,

Glenda D. Ross, MPM, MBA

SAN JOAQUIN COUNTY LABOR MARKET INFORMATION SNAPSHOT
DATE: May 27, 2020

TO: Workforce Development Board

FROM: John M. Solis, Executive Director

SUBJECT: SAN JOAQUIN COUNTY LABOR MARKET INFORMATION SNAPSHOT

I. SUMMARY: The following is a summary of the information item.

Attached, you will find the San Joaquin County (SJC) labor market review. The Snapshot has been developed by Employment and Economic Development Department (EEDD) staff for the San Joaquin County Workforce Development Board. The data and information is provided by the California Employment Development Department.

The first chart details the Unemployment Rate of San Joaquin County, California, and the United States for March 2019 to March 2020. The second chart details the Unemployment Rate of San Joaquin County down to the sub-county areas — cities and other Census Designated Places (CDPs). The third chart details San Joaquin County as part of the San Joaquin Valley and Associated Counties Regional Planning Unit (RPU). The RPU is comprised of all counties in the San Joaquin Valley and is one of 14 RPUs designated by the State. Page two of the SJC Snapshot details the Labor Force and Industrial Employment in San Joaquin County and provides data for three months prior, and also uses the benchmark from twelve from the data being available.

It is anticipated that the San Joaquin County LMI Snapshot will be provided on a regular basis.

INFORMATION ITEM #4

THE WORKNET NETWORK NEWSLETTER
I. **SUMMARY:** The following is a summary of the information item.

San Joaquin County WorkNet will be releasing its Newsletter, “the WorkNet Network Newsletter”, intended to promote the Workforce Development Board’s WorkNet One-Stop Center Service Delivery System. The objective of this Newsletter is to build a better awareness of the multi-agency Workforce Development Delivery System in San Joaquin County including its required partners and all its programs, services and available resources. The targeted audience will be all the Federal, State and Local Stakeholders, including, but not limited to:

- Required and Strategic Partner Agencies.
- Federal, State and Local Elected Officials.
- WorkNet Center staff and Partner Agency personnel.
- Community Service Organizations.
- Friends and Associates.

Every other Month, the Network Newsletter will provide articles on new programs that are developed as a result of new grant funding or new Legislation. It will have feature stories celebrating the success of our customers and the agencies that facilitate the delivery of services. The Newsletter will also be used as a recruitment effort to facilitate the referral of common customers from partner agencies.

The U.S. Department of Labor, the State Agencies, including the California Workforce Development Board and the State Employment Development Department, are always soliciting best practices from Local Workforce Development Areas and success stories on our customers. The Network Newsletter will be a source of this information.
